REGIONAL COACH OF THE YEAR AWARD

Regional Coach of the Year recognition began in 1961 when each region nominated a regional Coach of the Year. In 1973, when the National Coach of the Year was no longer selected by nomination and by ballot, the C.G.A. continued electing the Regional Coaches of the Year. The chairman mails out ballots to every active member in each region for selection of one Regional Coach of the Year. In 1997 the voting regions were realigned into three regions: West, Central, and East. The awards are presented each spring at the coaches' meeting by the C.G.A. Vice President.

NISSEN-EMERY AWARD CHAIRMAN - Carmine Giglio

NISSEN-EMERY AWARD

Since 1966, college gymnastics' highest honor, the Nissen Award, has been presented annually to that year's outstanding senior collegiate gymnast. From 1966 through 1989 the award nomination, selection and presentation process was managed by the Nissen Company. IBM sponsored the award in 1990. USA Gymnastics sponsored the award from 1991-97. In 1998 Dr. Robert W. Emery, the 1969 winner, agreed to help the C.G.A. finance the redesigning of the Award and establish an endowment that would indefinitely cover the annual expenses associated with it.

The Nissen-Emery Award does not only honor the collegiate senior gymnast who has established an outstanding record of achievement during his college career. More than simply an award for gymnastics excellence, the winner must also meet these requirements:

He must be an example of good sportsmanship and fair play... a champion in defeat as well as in victory.

He must maintain a high standard of scholarship throughout his college career.

College gymnastics coaches, student athletes and accredited college gymnastics judges all across the nation are requested each year to submit nominations for the award. Gymnasts receiving the highest number of nominations are then placed on a final ballot and voted upon by those same coaches, athletes and judges.

The award presentation is held annually at the NCAA Gymnastics Championships.

The "Heisman Trophy" of gymnastics, the Nissen-Emery Award is inscribed with the following motto: *"The true champion seeks excellence physically, mentally, socially, and morally."*

All-America Awards Chairman - Jerry Wright

ALL-AMERICA AWARDS

All-America awards are to be given annually to the top eight (8) place medalists in the NCAA Championships and to the top six (6) at the U.S.A.G. College Division National Championship in each individual event and the all around.

Each recipient will receive three (3) identical certificates -- one each for the gymnast, the coach, and his institution. Public announcement by the host institution's sports information office will be made in the form of a news release a few days following the NCAA Championships. This release will be formulated in such a way as to describe the "NCAA All-American team" as selected by the C.G.A.

ACADEMIC TEAM CHAMPION and ALL-AMERICA SCHOLAR-ATHLETE AWARDS
Chairman - Cliff Gauthier

ACADEMIC TEAM CHAMPION OF MEN'S GYMNASTICS

The men's gymnastics team with the highest combined team grade point average for the academic year will be declared the Academic Team Champion of Men's Gymnastics. All student-athletes who were members of your squad should be included on this list unless they officially used their one red shirt year during the season. Student-athletes who are working out with your team and have previously used a red shirt year should be included on this list even though they may not have competed this season due to their athletic inability to make your competition team.

The grade point average (calculated to three decimal places) for each gymnast should reflect the academic year only (Fall and Spring semesters or Fall, Winter, and Spring quarters).

ALL-AMERICA SCHOLAR-ATHLETE AWARD

The scholar-athlete must have achieved a 3.50 grade point average based on a 4.0 scale for the academic year or cumulatively as certified by the registrar's office of the university. The scholar-athlete must also have attained an 8.0 single meet average score on at least one event as verified by the official NCAA computer statistics.
